### **Make a Donation Today!**

The Robin Weber fund was established in honor of this DNA Past President whose passion for the Dermatology Nurses' Association and the education of colleagues and associates on the role of immunology in many dermatologic conditions was unsurpassed. Donations to the fund in 2011 will be used to (1) support the new DNA web site, in particular the education portal being implemented to provide nursing education and resources in dermatology and (2) provide funding to support the 2nd annual DNA Immunology Symposium to be held at the 30th Annual DNA Convention, February 16-19, 2012 in Denver, Colorado.

The DNA requests a minimum donation of \$10. Your generosity is greatly appreciated.
